LinkedIn: andres-felipe-giraldo-andrade

GitHub: AndreIGanShiTV

Location: Medellín, Antioquia,
Colombia

Interests

Video Games

Musical Composition

Piano, Guitar, and Bass

Languages

Spanish - Native

English - Intermediate

Professional Profile

I am a developer with experience in creating APIs using Python, as well as knowledge in data analysis with libraries such as Pandas. I have worked with SQL databases, designing information systems to facilitate data management in various projects. I complement these technical skills with a competent use of Excel, which allows me to perform effective analysis and reporting. In addition, I have strong communication skills and a solid ability to manage time effectively, allowing me to meet deadlines and objectives efficiently.

Work Experience

Database Administrator

- Proyecto Global A&G S.A.S (Oct 2022 - Oct 2023)

Responsible for creating data collection tools and designing efficient databases to improve decision-making. I coordinated the systematization of critical information in high-impact projects.

Video and Image Editor

- Proyecto Global A&G S.A.S (Jan 2020 - Dec 2022)

Edited audiovisual content for marketing campaigns, helping to enhance the company's visual presence on digital platforms.

Research Systematizer

- Fundación para el Desarrollo, la Paz y la Reconciliación (Aug 2021 - Oct 2021)

Supported data collection and systematization for the preparation of the Bojayá report, Atrato Medio, in collaboration with the JEP.

Young Leaders for Change 2023 - Ministry of Culture

- Ministry of Culture (Apr 2024 - Oct 2024)

Coordinated and executed the musical project, collaborating with the MERIDIANO collective to meet the objectives set by the ministry.

Education

Software Engineering

- Tecnológico de Antioquia (February 2021 - Present)

International Diploma - FullStack Development with Laravel

- Square1 (September 2024 - February 2025)

Studies in Piano and Musical Composition

- Fundación Universitaria Bellas Artes (2022 - Present)

Certifications:

Python Fundamentals - Platzi

Diploma in Time Management - Politecnico Superior de Colombia

Test of English as a Foreign Language (TOEFL) B1

FastAPI Course - Platzi

Skills

SQL Databases: Design and Administration

API Development: Design and Implementation of RESTful APIs in Python

Data Analysis: Manipulation and Analysis using Pandas.

Time Management: Planning, meeting deadlines.
